Next Step Systems acquires Parallel Partners

Naperville, IL - April 9, 2014 - Next Step Systems announced today that it has acquired information technology staffing specialists, Parallel Partners in order to better serve its company clients and job seeker candidates.

Founded in 1995, Parallel Partners is a leading staffing firm successfully placing information technology professionals in full time permanent positions. Prior to the acquisition, Next Step Systems and Parallel Partners have had a long-term strategic partnership and have shared philosophies on recruiting practices. The acquisition will expand on Next Step Systems' leadership in information technology recruiting, its key employee, candidate and client base, and its well-established technology resources.

About Next Step Systems

Next Step Systems is an information technology recruiting agency founded in 1995. Next Step Systems specializes in placing all levels of information technology talent in full time permanent positions across all industries throughout the U.S.

About Parallel Partners

Established in 1995, Chicago-based Parallel Partners (www.parallelpartners.com) specializes in recruitment of information technology personnel for direct hire positions. Parallel Partners has built long-term partnerships with companies in many industries including a strong presence among trading industry clients. Parallel Partners' founders, Saven Bellarmino and Frank Bellarmino announced their retirement in 2014 after remarkable careers.
